PROFESSIONAL SUMMARY

Result-driven **Data Analyst and Visualization Specialist** with a strong background in data analysis and visualization. Proficient in tools like Python, SQL, Excel, Tableau, and Power BI, with a proven ability to clean, analyze, and interpret large datasets to drive informed decision-making. Equipped with advanced problem-solving skills and a passion for turning raw data into actionable insights, I excel at creating dynamic dashboards and reports that enhance business efficiency.

CORE SKILLS

Technical Skills	Soft Skills
• **Data Analysis and Cleaning:** Python (Pandas, NumPy), SQL, Excel	• Critical Thinking and Problem Solving
• **Data Visualization:** Tableau, Power BI, Matplotlib, Seaborn	• Team Collaboration and Communication
• **Database Management:** MySQL, PostgreSQL	• Time Management and Organization
	• Attention to Details
	• Data Confidentiality Management

PROFESSIONAL EXPERIENCE

Data Analyst

Cytobiz Forge Limited   *September 2024 – Present*

- Cleaned and transformed large datasets, leading to a **20%** improvement in data accuracy and more actionable insights.
- Developed interactive dashboards in Tableau and Power BI, reducing reporting time by **30%** and enhancing decision-making for key stakeholders.
- Wrote optimized SQL queries to extract, filter, and aggregate data from relational databases, increasing data retrieval efficiency by **25%.**
- Collaborated with cross-functional teams to deliver data-driven solutions that boosted sales performance by **15%** and improved customer engagement metrics.

Data Analyst

Teemz Global Conglomerate   *February 2024 – June, 2024*

- Generated a **25%** increase in product sales by building strong relationships with clients and effectively communicating product benefits
- Conducted market research to identify client needs and tailored sales approaches, improving customer satisfaction by **30%.**

- Analyzed client feedback and market trends, optimizing targeting strategies and improving sales performance by **15%.**
- Designed dashboards to track performance metrics, ensuring data-driven decision-making for improved sales outcomes.
- Collaborated with cross-functional teams to enhance customer engagement and satisfaction.

Research Analyst Intern

Nigerian Stored Products Research Institute (Microbiology Lab)   August 2023 – January 2024

- Developed and implemented standard operating procedures for sample collection and laboratory experiments, improving workflow efficiency by **15%.**
- Utilized statistical tools to analyze microbial growth data, generating reports that informed stakeholders about product preservation techniques.
- Collaborated with a multidisciplinary team to design experiments, achieving a **20%** improvement in data reliability through enhanced quality control measure

EDUCATION

Professional Diploma in Data Analytics   Baze University, Abuja — 2024

- Acquired expertise in data analysis, visualization, and reporting using Python, Power BI, Tableau, and Excel.

Bachelor of Science in Microbiology (First Class Honors) Federal University, Dutse — 2024

CERTIFICATIONS

- Applied Data Science Lab (in-view) — WorldQuant University
- HP Data Science and Data Analytics — *January, 2025*
- Certificate in Principles of Management — Coursera: *July 2022*
- Diploma in Project Management — Alison: *April 2022*

PROFESSIONAL MEMBERSHIP
